

## POPE COMPLETES CEREMONIES FOR NEW CARDINALS

### Candidates Given Red Hats With Sol- emn Ritual

ROME, March 27. (AP)—The final ceremonies of creating Archbishop Mundelein of Chicago and Archbishop Hayes of New York to membership in the highest council of the Holy Roman Catholic church took place this morning in the ritual transport of the basilica of Saint Peter when Pope Pius gave to them their broad-brimmed red silk hats, symbolic of their new rank of cardinals.

The ceremonies were resplendent with medieval pageantry. Fully ten thousand persons attended the function, Americans formed a great majority of the throng.

### Follow Old Custom

This morning's solemn investiture of the red hats was more a time-honored custom, the most symbolic head piece being used for both the American prelates. The red hats which they actually will take back across seas with them were given them later by special papal emissaries during semi-public ceremonies. Those for Cardinal Mundelein were held at the College of the Propaganda and those for Cardinal Hayes at American college. The red hats never are actually worn but will be taken back by the prelates and suspended by golden wires over the high altars in their respective cathedrals there to remain until the deaths of the cardinals when they will be ceremoniously taken down and placed over their tombs.

The public ceremony was followed by a secret consistory at which Pope Pius placed on the fingers of the new American members of the sacred college their largest sapphire rings and performed the centuries-old ceremony, known as the closing and opening of the keys of the cardinals, and also formally assigned to them their respective churches since each member of the college of cardinals must be a pastor of some Roman church.

### Churches Assigned

Cardinal Mundelein's titular church will be Santa Maria del Popolo, and that of Cardinal Hayes the church of Santa Maria in Via Lata. The latter is the richest in medieval traditions. Henceforth Cardinal Mundelein's full title will be George William, of Title Santa Maria del Popolo, Cardinal Mundelein, Archbishop of Chicago, and that of Cardinal Hayes, "Patrick Joseph, of Title Santa Maria in Via Lata, Cardinal Hayes, Archbishop of New York."

### Shortly After the Ceremonies

of today had ended, Pope Pius gave to the Associated Press thru Cardinal Gasparri, papal secretary of state, the following statement: "The holy father, in raising two eminent members of the American hierarchy to the dignity of the cardinalate, has had in mind not only the personal merits of the new cardinals, but also the generous activities of the great American people on behalf of the suffering peoples of the world, thus promoting a spirit of peace and fraternal good will among the nations."

### LANGLEY REFUSES TO COMMENT ON CHARGES

WASHINGTON, March 27.—Representative Langley, Republican, Kentucky, declined to comment tonight on his indictment charges of violating the prohibition law. He said he was not aware of the movement to indict him and may safely say that he knew the movers in the matter and their motives. Mr. Langley is absolutely innocent of the charges against him and will demand and insist upon an immediate trial of the result of which I entertain not the slightest doubt. The sufferers in this business will not include Mr. Langley."

## DAUGHERTY REFUSES ACCESS TO RECORDS BY PROBE COMMITTEE

Roxie Stinson Says Five  
Men in On Oil Stock  
Deal

WASHINGTON, March 27.—Roxie Stinson divorced wife of J. W. Stinson, practically wound up testimony today before the Daugherty investigating committee but not until she had provided the occasion for another row between the committee and the attorney general's counsel.

Former President Harding's name was again brought to the edge of the inquiry but the committee disclaimed any intention of letting it get in.

Attorney General Daugherty's counsel refused to develop her story that Stinson had received \$32,600,000 in an oil stock deal insisted on knowing who the men were.

"My impression is that she will name the president of the United States," former Senator Chamberlain, one of Mr. Daugherty's attorneys exclaimed, amidst the turmoil when the committee stopped the pressing of the question. Miss Stinson left the stand without answering.

Meanwhile, the attorney general's continuance in the cabinet again became the subject of speculation thruout official Washington.

### Daugherty Refuses.

Further proceedings of the inquiry committee brought out a qualified refusal from the attorney general to allow the committee's agents access to his department's files for a "general fishing expedition" for additional testimony concerning prosecutions of war time frauds in aircraft with the possible passage of bribe money to block their continuance. The day was concluded with the chairman Brookhart preparing to appeal to President Coolidge for the files the attorney general was refusing.

Senator Wheeler, Democrat, Montana, was back to direct the taking of testimony when Miss Stinson was recalled today.

### Stinson's Story.

To follow Miss Stinson Senator Wheeler called H. L. Scarfe, former chief of justice and later department of justice investigator in airplane wartime fraud cases. Scarfe told of being assisted by Gaston B. Means in preparing prosecutions which he found blocked.

### Stinson's Story of "Blocked"

Stinson's story of "blocked" investigation was left unfinished by her day's adjournment.

### SENATOR LAFOLLETTE ILL WITH PNEUMONIA

WASHINGTON, March 27.—LaFollette of Wisconsin, who is ill at his home here with pneumonia, was said by Dr. C. C. Marbury, the attending physician, to have had a very comfortable day. A bulletin issued this morning after a consultation of physicians announcing that Senator LaFollette was suffering with pneumonia was a shock to his friends who had been expecting his return to his congressional duties. The apprehension aroused among those who knew that for three weeks he had been unable to throw off what was considered a bronchial cold was not allayed by the announcement in the bulletin that the physicians considered his present condition satisfactory.

### Reassuring Advice Given

tonight at Senator LaFollette's residence, Dr. C. C. Marbury attending physician said that the senator had passed a very comfortable day and the word tonight was that he had settled down to sleep with apparently good prospects of a quiet rest.

### POINCARÉ RESUMES AS FRENCH PREMIER

PARIS, March 27.—(AP)—M. Poincaré, despite the fact he is finding the work of setting up a new government harder than he expected and has therefore been unable to complete it, informed President Millerand tonight that he accepted the task of resuming the premiership and constructing a ministry.

M. Poincaré grappled with the big task of organizing his cabinet to fit the new political situation resulting from the chambers attitude on the pension bills and to accord with the policy of economies for which he had fought so hard for several weeks in the chamber and senate. His conclusion after the day's negotiations as expressed to the newspapermen was "it is going to be long."

### FORMER SUB CHASER SUNK BY EXPLOSION

JACKSONVILLE, Fla., March 27.—The sixty foot converted submarine chaser Russ owned by Sheriff W. H. Dowling and used by him in apprehending rum runners off the Florida coast sank this morning at sea today following a terrific explosion.

Sheriff Dowling, H. L. Duncan, divisional prohibition chief for Florida and Porto Rico and members of the crew got off the Russ before she went down but the Dory in which they were attempting to reach shore capsized soon after they had started shoreward.

### ONE MAN DROWNED WHEN BOAT UPSETS

Vinton, Iowa, March 27.—Arthur White, 37, attorney of this place was drowned in the Cedar River here tonight when the boat in which he and Burton Little, lawyer, were exploring the river capsized. The motorboat's supply of gasoline becoming exhausted, the men had sought to replenish it in mid stream when the boat upset. Bills managed to reach shore.

While White was a brother of Senator of Kentucky, and Little, lawyers indicated on charges of conspiracy to obstruct the operations of the government.

## GULF OIL TAXES LOWERED BEFORE OTHER CONCERNS

### More Than \$3,000,000 Reduction Given Mellon Firm

WASHINGTON, March 27.—(AP)—Tax records of the Gulf Oil corporation, a "Mellon company," practically were impounded today by the special committee investigating the internal revenue bureau. The committee's action followed testimony to the effect that the corporation had been allowed lessee depletion, reductions in the settlement of its cases for 1917-18-19 made in February, 1921, and by which it was credited with "not excessive" payments for the three years of \$275,000.

Senator Couzens, Republican, Michigan, whose resolution brought about the investigation obtained from A. C. Ernst, Cleveland, Ohio, accountant, whose firm worked up the consolidated returns for the Gulf Group companies, a statement that the "lessee depletion allowance" had been granted by the bureau in the 1921 gulf settlement.

Turning to S. M. Greenidge, a bureau official, Senator Couzens was told that Secretary Mellon did not approve the treasury regulation granting "lessee allowance" on oil well depletion until 1922. Greenidge said he knew of no other case in which this allowance had been granted prior to the 1922 regulation and added that the regulations effective in 1921 were to the contrary. The question was long under debate in the bureau before a decision to grant lessee depletion was arrived at he said.

"The Gulf Oil knew it in 1921 but the public didn't know till 1922," Senator Couzens said. "How is the public to know if the regulations were published and a year after the allowance was granted to a particular corporation?"

Greenidge said the great majority of oil concerns knew the question was up and delayed settlements until the ruling was handed down. Senator Nelson T. Harrison of the bureau interrupted to point out that when it was published taxpayers had the opportunity to file their case and receive a ruling. He said he did not want to know what that allowance meant to the Gulf people in dollars and cents. Senator Couzens declared.

Harrison said it would take time to produce the figures as it involved search of the individual accounts of Gulf subsidiaries.

At this point Senator Couzens suggested that the committee impound the Gulf records in Harrison's objection, questioning the legal right of the bureau to surrender possession. After a brief executive session the committee solved the problem by putting Harrison and Greenidge under oath as custodians of the records until the committee resumes its work Monday.

Senator Couzens explained that it had appeared desirable that the books should remain in the committee's charge without possibility of any suspicion that they had been tampered with until the figures regarding depletion allowances and other points had been obtained from them.

Bureau officials agreed to have these figures ready Monday.

### LAST OF QUEEN LIL PROPERTY IS SOLD

HONOLULU, March 27.—(AP)—Disposal of the art and jewel collections of the late Queen Liliuokalani last of the Hawaiian monarchs was completed today by the sale by private arrangement of the last two items, a pair of feather work and jewelry, which were sold yesterday and today.

A feather cloak made more than 150 years ago was sold to the Bishop Museum, a Hawaiian collector.

The proceeds of the sales have brought the cash receipts from liquidation of the dead queen's estate to approximately half a million dollars the entire income of which will be used for the founding and maintenance of a home for orphan girls.

### THE DAY IN WASHINGTON

Senator Borah entered a resolution looking to a combined economic and disarmament conference in Washington.

Tax returns of Mellon company were explained before the senate committee, investigation of the bureau of internal revenue.

The new immigration bill providing a basic quota of two percent of the 1910 census was reported by the senate immigration committee.

Representative John Langley, of Kentucky, and others were indicted on charges of conspiracy to obstruct the operations of the government.

### SHIPPERS ORGANIZE NEGOTIATION BOARD

CHICAGO, March 27.—The permanent organization of a board of negotiating shippers of Illinois, Iowa, Wisconsin and Indiana, to negotiate with railroads, was unanimously voted today by more than 200 representatives of shippers and of public utility commissions of these states. The action followed the statement of spokesmen of the American Railway Association that thirty-eight major disputes between shippers and railroads had been settled by similar board without recourse to the government.

### ASK THAT OATH BE GIVEN TO STUDENTS

CHICAGO, March 27.—A bill an answer to several protests against Northwestern University and Garrett Biblical Institute, affiliated with the university, who have pledged refusing to go to war made today by 200 members of the R. O. T. C. at the school calling upon the university officials to require every student to swear to uphold the constitution and laws of the nation "in time of peace and war."

Brent Dew Allison, one of the prominent chorists and leader of the "Chorus" was a speaker at a meeting in front of the biblical students where resolutions favoring the abolition of the army, navy and other institutions of war were passed.

### IMMIGRATION BILL REPORTED TO SENATE

Washington, March 27.—The new immigration bill providing a basic quota of 2 percent of the 1910 census was reported today from the senate immigration committee.

## Hiram Johnson Wins South Dakota Primary

SIOUX FALLS, S. D., March 27.—(AP)—Senator Hiram Johnson of California, won the public opinion presidential endorsement in Tuesday's primary in South Dakota on the face of unofficial returns compiled here by several newspapers.

With only 146 precincts missing, and those scattered, the official tabulations gave Johnson a lead of 1,743 over President Coolidge in returns as of today.

The 1924 primary reported thru the Sioux Falls Argus Leader, Sioux Falls Press and Mitchell Republican and counted here, gave the California senator 10,213 votes, and the president 38,500. The newspapers declared Johnson a for in the twenty-two counties in which they have precincts missing while Coolidge had the advantage in thirteen with 146 precincts unreported. In those counties 601 precincts have reported.

Taken as a group, returns in those twenty-two counties gives Coolidge a lead of 1,172, Johnson 11,235 to the president.

## SURTAX RATE PROVES STUMBLING BLOCK IN SENATE DISCUSSION

Green Says American Legion Was Misquoted on Cost

WASHINGTON, March 27. (AP)—Recessing their session of day and night sessions, the senate finance committee today adjourned after a discussion of the revenue bill. The schedules of excise and miscellaneous taxes, most of which were raised by the house are to be taken up immediately.

Meanwhile Democratic members of the committee spent another afternoon in an unsuccessful effort to reach an agreement on the income tax schedule which they will offer as a substitute for the Mellon rates voted into the bill by the finance committee.

The surtax rates proved the stumbling block. Senator Simmons of North Carolina, ranking Democrat on the committee presented a schedule which it is understood followed the general lines of the Garner plan supported by house Democrats with a revision of the brackets and a reduction of the maximum rate to about 40 percent.

Before taking up the revenue bill today the committee heard army and navy officers on the soldier bonus bill passed by the house with a view to determining the number of veterans who would be eligible for the insurance provisions and the average length of service of the veterans.

While members of the finance committee prepared to work out their own estimate as to the cost of proposed bonus bill in the light of the dispute between government actuaries.

## INDICTMENTS CHARGE ILLEGAL COMBINE TO ILLINOIS COMPANIES

Malleable Iron Men Accused of Restraint of Trade

CLEVELAND, O., March 27. (AP)—Federal indictments charging forty seven manufacturers of malleable iron castings with operating an illegal combination for restraint of trade were returned here today by the federal grand jury of district. Most of the concerns are scattered throughout the east and middle west.

The indictments charge the various companies organized and operated the American Malleable Castings Association with headquarters in Cleveland by the aid of which they "fixed" prices assigned and allocated customers among themselves and abolished international competition.

The association in existence since January 1, 1917, is still operating, the indictment recited.

The forty seven corporations have an output of approximately 500,000 tons of malleable casting annually. The indictment recites estimating this production as 75 percent of the National Malleable Castings industry.

Companies named in the indictment include the Danville Malleable Iron company, Danville, Ill.; Decatur Malleable Iron company, Decatur, Illinois; Illinois Malleable Iron company, Chicago; Iowa Malleable Iron company, Fairfield, Iowa; Moline Malleable Iron company, St. Charles, Illinois; Rockford Malleable Iron Works, Rockford, Ill.; Vermilion Malleable Iron company, Hopkinton, Illinois; and the Union Malleable Iron company, East Moline, Illinois.

## EX-GOVERNOR LOWDEN CRITICIZES SMALL IN SPRINGFIELD SPEECH

Says Hard Road Promises are Being Used as Bribes

SPRINGFIELD, Ill., March 27. (AP)—Former Governor Frank O. Lowden speaking at the state arsenal tonight in support of Senator Charles W. Eastington's candidacy for governor attacked Governor Small's use of the pardon power, replied to the governor's hard road claims and declared the governor's acts on the pardon cases were undermining the foundation of orderly government.

"When Governor Small has sought to bribe the people of Illinois by promising them in several localities roads if they would support him, but denying them roads if they would not support him, he is doing what he can to break down this great experiment of self-government which has been the hope of the masses in all the ages of the world," said Mr. Lowden.

Continuing the former governor said:

"The very security of our institutions depends upon preserving the independence and integrity of each of the three separate branches of government. I think perhaps, Governor Small does not know this. I have tried to feel kindly toward him on that account, but it is time to learn that he is undermining the foundations of orderly self-government when he assumes for a single instance to usurp the power of the courts."

**WILL RECEIVE BIDS FOR LARGEST STATE BRIDGE**  
Springfield, Ill., March 27.—Bids on one of the largest bridges in the state to be constructed in Joliet, will be received here April 4.

Colonel C. R. Miller, director of the state department of public works and buildings, announced today.

Thirteen concrete spans, 25 feet each, one steel plate girder span of 72 feet and one of 50 feet are called for in the state's plans. The roadway on the structure will be 40 feet wide, Colonel Miller said, and about 292,000 pounds of structural steel will be used on its construction.

**OFFICER ESTABLISHED NEW ALTITUDE RECORD**  
Dayton, Ohio, March 27. Lieutenant Harold R. Harris of McCook Field, established a new unofficial altitude record today for airplanes carrying a load of 551 pounds. Instruments on his plane showed that he reached a height of 28,411 feet.

The former record of 27,768 feet was held by Adjutant Bury and was established in Bourget, France, in 1923.

Lieutenant Harris piloted the TH-1 plane, especially designed to make the record. He reported he encountered a temperature of 50 degrees below zero at his peak altitude.

"If we don't get 'em on the loud speaker we don't count 'em"

That's how good the FADA "One Sixty" Neutrodyne radio receiver is. Goes after distant stations and gets them as easily as an ordinary receiver picks up a station a few miles away. Volume enough, even on the most distant station, to operate a loud speaker. Selective to the nth degree. Tunes out anything you don't want to hear. So perfectly made and adjusted that the FADA "One Sixty" operates at maximum without distortion. Cannot re-radiate and annoy your neighbors. The set you ought to own. Ask your dealer for this wonder radio receiver. Worth every cent of its price, \$120. Tubes, batteries, phones, etc., are extra.

### THE LIONS CLUB IS NEW ORGANIZATION

Came Into Being Last Night When Officers Were Chosen—Charter Will Soon Close

At a mass meeting of business men a Jacksonville Lions organization came into existence at the Pacific hotel last night. For a number of days Dr. John M. Fowkes of Chicago, field director of the Lions International, has been in the city and as the result of his work and the co-operation given, the new organization was speedily formed.

The following officers were elected at the meeting last night: President—H. K. Snyder. First vice president—Dr. J. J. Schenz. Second vice president—Carl Hamilton. Third vice president—William H. DeBolt.

Secretary—E. J. Mahony. Treasurer—Leonard Patter. Lion tamer—Cecil Hamilton. Tail twister—Stanley Wright. Board of directors—Long term, John O'Donnell, J. V. Kennedy; short term, Charles Baker, Dallas Hagan.

The next session will be Monday, March 31, at 7:15 p. m., at the Pacific hotel, when additional members will be received and it is the expectation to complete the charter membership in about two weeks.

While meetings will be held more frequently for the present, later the Lions will hold weekly meetings just as is true of Kiwanis and Rotary clubs.

The Lions organization came into existence in 1917 but organization was not actively pushed until after the war and now it is growing very rapidly. There are clubs in practically all the larger cities of Illinois and in a number that are smaller than Jacksonville. In general the Lions organization is for the same purposes that are basic with Kiwanis and Rotary, the purpose being to serve the community.

Some splendid pieces of work have been done in other cities by the Lions and the new organization in Jacksonville has made an excellent start. As the list of officers indicates, a number of well known business men are identified with it.

### REPORT BLANKS ARE MAILED TO TEACHERS

County Superintendent of School H. H. Vasconcellos, this week is mailing to the teachers throughout the county, two blanks for use in making the annual report of their respective schools at the close of the term. While most of the schools will not close the term for another month, some will close this week.

Mr. Vasconcellos is mailing an additional blank to be used this year, in addition to the usual report blanks. The filling of this blank is made necessary by a ruling recently made which is now pending in the supreme court and concerns the school district budget.

### RECOGNITION GIVEN JUNIOR HIGH PUPILS

Tokens of appreciation in recognition of their services during the recent basketball tournament were given by the students of the David Prince Junior High School to Junior Barr, Arthur Bergstrom, Francis Doyle and Harold Hopper, all of the high school, to whom the gifts of silver pencils were presented at the Junior High Assembly yesterday morning.

Jay Hamilton, selected by the members of his class as their representative, presented the tokens to Junior Barr, who referred all the seventh grade games, and Francis Doyle, score keeper, as a symbol of the appreciation of the eighth grade, and Myron Berger presented the gifts to Arthur Bergstrom, who refereed all the eighth grade games, and Harold Hopper, score keeper, as an expression of the eighth grade gratitude.

A piano solo by Mildred Sperry was a part of the assembly program.

### WILL GIVE AUTO POWER DEMONSTRATION

### LOCAL WOMAN WEDS KENTUCKY MAN

Miss Gladys Eugenia Frances Hayden Is Married to George David Sims of Louisville—Will Reside in Kentucky

Miss Gladys Eugenia Frances Hayden of this city was united in marriage to George David Sims of Louisville, Ky., last evening at the home of the bride's parents, Mr. and Mrs. E. D. Hayden. The impressive ceremony was officiated by W. Henry Snowden of the city.

The bride was attired in a gown of Canton crepe and carried a bouquet of sweet peas. The wedding march from Lohengrin was played at the piano by Mrs. E. A. Hayden, sister of the bride.

Mrs. Sims is a graduate of the local high school and has studied music at the Illinois college conservatory. She had recently been employed as stenographer at the Kentucky Orphanage at Louisville, Ky.

Mr. Sims is a musician of ability and specializes in violin and brass instrumental work. He is well and favorably known in his home where he follows the profession of music teacher. The couple will leave for Louisville soon, where they will be at home at 1739 West Walnut street after April 1.

### I. C. LOSES ARGUMENT AGAINST AUGUSTANA

Negative Wins Again When World Court Is Discussed—By Debating Teams—No Report From Rock Island.

The negative of the question as to whether the United States should enter a permanent international court of arbitration under the plan laid down by President Harding, was victorious again last night, when the team from Augustana college defeated the Illinois college affirmative team. The judges rendered a two to one decision for the Augustana team. The debate was especially strong, and the arguments on both sides were well handled. Edward Munsen of Augustana led the attack on the affirmative position in a brilliant speech. Orville Foreman of Illinois college was the first speaker for the affirmative. However, the work of all debaters in the program here showed training and skill.

Those who upheld the negative for Augustana were Edward Westin, Ludore Katz, Edwin Munsen and Vernon Kidding. The judges, after the debate, the affirmative consisted of Orville Foreman, Homer Fabrian and Anton Abel, with Erol Pickard as clinician.

The judges were Walter E. Buck, superintendent of the Cass-Petersburg schools; William Small of Petersburg, superintendent of the Michigan county schools, and V. N. Blair, principal of the Barry high school.

Owing to the fact that long distance lines between this city and Rock Island, the seat of Augustana college, were out of order, it was impossible to learn how the Illinois affirmative team fared in the debate with the Augustana team that place.

### K. OF P. RECEIVE MANY APPLICATIONS

Twenty Six Applications Received at Last Night's Meeting—Plans for Initiation Soon Were Made—Three Take 3rd Rank.

Twenty six applications for membership were received last night at a meeting of Favorite Lodge, No. 378, and it is expected that a class of forty will receive the rank of Page April 10th.

During the meeting James Guyard was given a gold ring emblematic of the Pathian order for having secured the largest number of applications for the lodge. L. B. Turner briefly spoke of appreciation for members of the lodge for obtaining new members. The Rank of Esquire was conferred upon Louis C. Cannon, C. A. Phillips and R. J. Brennan. Fred Matthews was awarded the attendance prize. George Brady of Roadhouse was a visitor at the meeting.

### ANDRE & ANDRE TO ERECT BUILDING

NORTH SIDE SITE ACQUIRED FOR STRUCTURE

Will Be Three Stories Above the Basement—Especially Designed for Furniture Business—Plans Now in the Making

Plans are now in the making for the erection of a modern furniture store building for Andre & Andre on the north side of the public square. This entirely modern structure of steel and concrete will replace the three buildings recently destroyed by fire.

In recent days Messrs. H. M. and G. B. Andre have purchased from George Schmalz, Robert T. Smith and the Taylor estate, the site on which the building will be erected.

The ground required will make possible a building with a frontage of 57 feet and a depth of 130 feet and 8 inches. While the plans have not yet been fully completed, it is the purpose of Messrs. Andre & Andre to have a building three stories in height, above a spacious basement room.

The front of the lower floor will be practically all glass and it is likely also that much of the front of the second story will be of glass for display purposes. Messrs. Andre & Andre have recently made visits to Chicago and St. Louis and to some other cities for the inspection of buildings especially constructed for furniture purposes, and the best ideas that they have found will be incorporated in the plans for their new building, which will be a distinct addition to the north side of the square and to the entire business district of Jacksonville.

There has been some little delay in straightening out the title to part of the real estate but now the plans can be pushed forward rapidly. Messrs. Andre & Andre have the habit of doing business in a successful and large way and it is very certain that the new building will be quite in accord with the reputation that they have built up since starting business in a modest store back in 1896.

### ERROR IN NAME

A statement appeared in the Journal yesterday in connection with the Travis report on a liquor binge, indicating that the liquor was seized in a house near 337 West North street, which had been rented by Albert Hopper. This statement was entirely in error, as the liquor was seized in a house near 337 North West street, said to have been rented by R. H. H.

The Journal very much regrets that thru error the name of Albert Hopper was associated with this item. There is no more respected citizen of Jacksonville than Mr. Hopper, who has spent all of his life in Morgan county, and is now a resident at 625 East State street.

### FINANCIAL CONDITION OF WHITE HALL TWP. GOOD

White Hall, March 27.—The annual audit of the funds of White Hall township a most flattering condition of finances. The highway treasurer, Supervisor George Chism, shows receipts from all sources of \$13,701.62 and expenditures of \$9,400.95, leaving a balance of \$4,500.67. In the township fund the total receipts were \$4,880.29 and expenditures \$1,149.68, leaving a balance on hand of \$3,730.61. The audit was conducted by Justices of the Peace Wendell, Barnard and Gudburn, and Justice Barnard notes that there was not a single outstanding charge or obligation of any kind. It is doubtful if any township in Greene county can make such a splendid financial showing. The officers of White Hall township consist of George W. Chism, supervisor; John W. Yumuck, assessor; H. E. Barnard, town clerk; John Wood, commissioner of highways. All except Chism are candidates for reelection without opposition at the election on April 15. Chism holds over. Commissioner Wood made a tour of two eastern parts of the township Wednesday, ordering some patches of repair and a lot of digging in order to bring about early recovery from the worst road conditions in local history. The territory traversed by rural road No. 2, out of White Hall.

With the subject "School Attendance," and its relation to the Social Service work, Miss Eva Viers, superintendent of the local Social Service League, addressed the members of the Parent-Teacher Association for the Washington school yesterday afternoon.

Miss Viers explained the function of the League, in regard to the children whom poverty forced to remain out of school, and the cooperation that must exist between the parents of such children and the League, in order to bring the best results. She explained the different degrees of co-operation, and expressed a hope that the parents might work with the League, not so much for the purpose of checking up on the children, but that an interest would be aroused in the parents that would make them realize the importance of enforcing school attendance on the children, without the action of the League.

## A REMARKABLE INCIDENT

The first Masonic funeral that ever occurred in California took place in 1849 and was performed over a brother drowned in the bay of San Francisco.

An account of the ceremony states that on the body of the deceased was found the silver mark of a Mason, upon which were engraved the initials of his name. A little further investigation showed to the beholder the most singular exhibition of Masonic emblems ever drawn by the ingenuity of man upon the human skin.

There is nothing in the history or tradition of Free Masonry equal to it. Beautifully dotted on his left arm, in red ink, which time could not efface, appeared all the entire apprenticeship. There was the holy bible, square and compass, the twenty-four inch gauge and common gavel. There were also the Masonic pavement, representing the ground floor of King Solomon's temple, the indented test surrounding it, and the blazing star in the center. On his right arm, and artistically executed in the same indelible liquid were the emblems pertaining to the fellow-craft degree, viz: the square, the level and the plumb. There were also the five orders of architecture, the Tuscan, Doric, Ionic, Corinthian and Composite. In removing the garments from the body the trowel presented itself, with all the other tools of operative Masonry.

Over the heart was the pot of incense. On other parts of the body were the bee hive, the book of constitutions, guarded by the tiler's sword, the tiler's sword pointing to a naked heart the anchor and the hour-glass, the scythe, the forty-seventh problem of Euclid, the sun, moon, stars and comets, the three steps which are emblematic of the stages of youth, manhood and old age.

Admirably executed was the figure of the weeping virgin reclining upon a broken column upon which lay the book of constitutions. In her right hand she held the pot of incense, the Masonic emblem of a pure heart and in her left hand a sprig of acacia, an emblem of the immortality of the soul. Immediately beneath her stood the whitewinged Time with his scythe by his side, which cuts the brittle thread of life, and the hour-glass at his feet which is ever reminding us that life is withering away. The withered and attenuated fingers of the destroyer were placed amid the long and flowing ringlets of the disconsolate mourner.

These were striking emblems of mortality blended in the pictorial representation. It was a spectacle such as Masons never before saw, and in all probability such as the fraternity will never witness again. The brother's name was never ascertained.—Philadelphia Age.

## DEAN SCOTT SPOKE TO H. S. STUDENTS

Dean of Illinois College Made Strong Address to Local High School Students Yesterday Morning.

Dean Scott of Illinois College, was assembly speaker at the High School yesterday morning, when he addressed the students on the subject of the High School Curriculum that gave the best preparatory work for a college education. He urged a college education or high school graduates on the grounds that it made for a "bigger, better, richer life, broadens the personality, and deepens the capacity for clear and broad-minded thinking."

"A great many students come to college unprepared to take college work, because they lack the fundamental basis of the scientific studies, which they omitted from their High School courses," Dean Scott, while in no way minimizing the importance of knowledge of the domestic or cultural arts, such as music, domestic science and manual training, advised the high school student to put these courses aside for the more academic studies such as sciences, languages, and mathematics, which are of double the value in a college career.

Dean Scott closed his address by extending an invitation from

C. H. Wegehoff, candidate for Road Commissioner in District No. 3, election April 1st. Your support will be appreciated.

## GOOD WEATHER MAKES ROAD IMPROVEMENT SURE

The country roads are already beginning to improve under the persuasion of the bright spring weather. Some farmers have got busy with drags and are putting the roads into shape so they will dry rapidly. This good work should not be neglected, as it will bring in a season of good roads much sooner than otherwise. If the good weather continues, most of the roads will be passable within a couple of days.

ANNOUNCEMENT

The bi-annual road district election will be held April 1. The only polling place for road district No. 7 will be at the corner of South Mauvaisterre and East College avenue. Polls open at 7 A. M. and close at 5 P. M.

## Billy Evans SAYS

Of late years there has been a tendency on the part of league presidents, major and minor, to take a chance on retired players as umpires.

In the American League Bill Dahlen, George Moriarty and George Hildebrand all had the big show as players.

The players' theory gives rise to the question as to whether or not it is an advantage to have been a major league star or just the ordinary player.

I am firmly convinced that a player who has never reached the majors, or a player who has been able to hold his big league job without starting, has a far better chance to succeed as an umpire than some player who has been an outstanding figure in the game.

Silence is the very best umpire can hope for from the crowd. If the fans are letting him alone, slipping him silence, the umpire is more than satisfied.

The star player, on the other hand, is accustomed to the cheers of the crowd. In his days of stardom his very entrance on the field was the cue for a round of applause.

The star player who takes up umpiring after retiring from the playing end of the game finds the environment and surroundings entirely different. Instead of being a hero, he is merely the umpire.

It is a matter of history that the few former star players who have tried umpiring haven't made much of a success of it.

The average player, not used to the hero worship that is heaped on the star, has fared far better in the role of umpire.

There are no home grounds for the umpire. He is on foreign soil every day, the common enemy of London. It is only when he gets in his work that the crowd gives him any consideration and then in an uncomplimentary manner.

Then again, success always creates enemies. Unless the star player is an unusual character he has the average player on his back at the least opportunity.

A few greater pitchers ever lived than Ed Walsh of the Chicago White Sox. His days as a pitcher were short and desirous of continuing in the game he took up umpiring, but didn't like it. In a few words he best sums up the feelings of the star relative to arbitrating:

"It's a tough job, all jeers and no cheers."

## ROUTT GOES DOWN IN FIRST TILT

St. Patrick's of Pueblo Wins by Margin of Two Baskets—Victors Considered One of the Strongest Teams.

It has always been the slogan in basketball, "Anything can happen in a basketball game," and the truth of this saying again appeared yesterday on the floor at Loyola University when the good Routt High team met defeat in their first game at the hands of St. Patrick's of Pueblo by the close score of 25 to 21.

It does not always signify that the team losing its first game in a tournament is necessarily a weak sister or that they are playing out of their class.

In the American League Bill Dahlen, George Moriarty and George Hildebrand all had the big show as players.

## EIGHT GAMES PLAYED IN LOYOLA TOURNAMENT

Four Chicago Teams Defeated During day — Routt High Loses to St. Patrick of Pueblo.

Chicago, March 27. —Four Chicago teams were defeated in outstanding games of the first round of the National Catholic Interscholastic Basketball tournament at Loyola University here today.

Catholic Central High School of Fort Wayne defeated St. Patrick, Chicago, 21 to 19. Creighton High of Omaha, Nebraska, in the last minute of play defeated St. Cyril of Chicago, 18 to 15. St. Thomas won 21 to 15 from St. Ignace.

Other scores of games played thus far in the first annual tournament under the auspices of Loyola University are: Cathedral High, Duluth, 40; Cathedral High, Milwaukee, 10; St. Patrick, Pueblo, 25; Routt, Jacksonville, Illinois, 21.

Spaulding Institute, Peoria, 15; Gibault, Vincennes, Ind., 12.

St. Xavier, Cincinnati, 22; St. Thomas, Rockford, Ill., 18. St. Louis University High School defeated St. Mary's, Elkhart, S. D., 25 to 8.

Cathedral High School, Lincoln, Nebraska, defeated St. Mary's High of Clatsburg, W. Va., 42 to 15.

ILLINOIS ATHLETES START SPRING WORK

We hear talk of the robin being the harbinger of Spring, a sparrow flying north being a splendid sign, and various other favorite indications with different people, but on the Illinois College field yesterday afternoon all things had the appearance of warm weather when the baseball squad took the field for practice, and surrounding them on the track and near it were the various candidates for track and field events hard at work in their track suits, utilizing the first really fine day Jacksonville has had this season for outdoor training.

Harmon had a big squad out in baseball track yesterday evening and judging from the amount of material on hand it would seem that he should be able to pick a real team to represent Old Illinois this season on the diamond. The day being ideal all of the various squads out were full of pep and putting in their full time trying to make up for the long-drawn-out period of idleness.

## No Nut, Cracker to Joe Williams STRAIGHT DOPE BENNY

ON THE RADIO  
(The Great Sport Oracle Has Speech to Make on the Subject of One L. Firpo)

St. Petersburg, Fla.—Well, I suppose you wide-eyed listeners read in the papers that the good Senator Firpo was going to turn his manly shoulders to the prize ring and quit forever because the citizens just won't stop idolizing him.

Firpo used to be one of the best bottle washers in South America and in that capacity was closer to the blue-blooded aristocracy of his community than you'd ever guess, provided you are a terrible guesser.

This Chesterfield gentleman, who eats raw meat and sleeps on the floor and hangs his coat on the chandelier, finds his finger sensibilities in revolt against the notoriety that his skill as a fighter brings.

It wasn't until recently that Firpo became rich enough to recognize the existence of sensibilities in his make-up.

When he first came to this country and took up lodgings in the basement of a Newark (N. J.) shop he probably imagined a sensibility was something to be taken in pink capsules at hourly intervals, if at all.

And one of his bitterest complaints at the time was that the newspaper boys wouldn't give him a tumble. Notoriety, why, that egg was willing to do a nose dive off the Woolworth spire to get it.

The main trouble with the distinguished senior is that he has been persuaded to accept himself too seriously. As fist slingers go, he is a fair species of the breed, but unlike some of the others, Dempsey, for example, he hasn't been able to keep his spacious dogs on the ground.

Firpo would have got along much better with himself and everybody else if he had hired a guy to constantly remind him, "Why, I knew you when you were a bottle washer."

(Next week Straight Dope Benny will discuss the divorce problem and other humorous matters.)

## PUGILISTS RECEIVE MANY GOOD OFFERS

New York, March 27. —Mike McTigue, world's light-heavyweight champion and Young Stripling, Georgia school boy who met in a 12-round match at Newark next Monday night, are two of the most sought after pugilists now in the limelight.

On the heels of a \$75,000 offer yesterday from Panama, promoters for a return match between McTigue and Baitling Siki, it was announced today that Stripling had been offered a bout with Ad Stone, Philadelphia light-heavyweight, at Philadelphia on May 31.

The offer was made by Herman Taylor, Quaker City promoter, who was advised by "Pa" Stripling that it would be considered after the forthcoming title battle.

Stripling and McTigue today put the finishing touches to their training and will do only light work for the next few days.

Mrs. Danny Deever of Chicago is spending a few weeks at the home of her grandfather, Sam Farmer, on North Fayette street.

## NATIONAL REPUBLICAN CONVENTION AT I. C.

Six candidates for the Presidency nominated by students of Illinois College yesterday morning.

Six Republican candidates for the Presidency, including Calvin Coolidge, Thomas Johnson, Robert La Follette, Geraldine Farrar, Harry S. Truman and Andy Campbell, were nominated by the students of Illinois College at their student meeting yesterday morning, when they held a National Republican

Concentration. The meeting was an enthusiastic success from start to finish, and included addresses from various of the candidates. Excerpts from some of the political addresses given at the "Concentration" include the following: We can dream, walk and talk politics. We have outlived the day of revolution, bolshevism and the machine. Another speaker made a long plea for the Republican party to act together, and most of them would in the Oil scandal was mentioned. He mentioned the fact that even in our own beautiful state of Illinois there might

be a split, if the Republicans did not co-operate with each other, and in conclusion the speaker made a dramatic appeal that the students help keep "old Jumbo" walking the highways of the United States.

Upon the request for a standing vote on the candidates nominated for President of the United States Calvin Coolidge received an overwhelming majority of the votes.

A motion was made and passed that a Democratic convention be held at the first student meeting after Easter vacation, which will be Thursday, April 11, as the students return to the college on the tenth.

## MASS MEETING AT AUTO INN CALLED

A great mass meeting of voters is called for this evening at the Auto Inn in the interest of the "Small for Governor" movement which is sweeping the state. At this meeting the true attitude of Governor Small on various contested issues will be fully and capably and honestly set forth.

One of the principal speakers will be Miss Reisman, from the department of public welfare, Springfield. Another will be the Hon. John H. Walker, president of the Illinois Federation of Labor, who will explain the governor's friendship for labor and what he has accomplished in his half.

There will be a special musical program.

A special invitation is extended to the ladies to be present. There will be plenty of chairs for all in this huge auditorium, and it is the earnest desire that all friends of good government turn out.

## OBITUARY

Cynthia Virginia Moyers, daughter of Rev. William Anderson and Rachael Gillentine Moyers, was born June 28, 1851 in Spencer, county seat of Van Gosen County, Tennessee. She attained her education in the common schools and in the Academy of Spencer. Her parents were of Scotch descent, having emigrated to this part from Culpeper County, Virginia, and her grandparents were of the Presbyterian faith.

She professed faith in Christ in the latter part of 1865; united with the Oak Grove Baptist church where she lived an active member for years. She was united in marriage to Bethel Crain in 1873, February 9. To this union six children were born three having preceded her in death: Bessie, E. E. Crain, late of Woodson, Ill., and J. G. Crain, late of Augusta, Ga. The living children are A. B. Crain of Roodhouse, Ill., J. S. Crain, of Doyle, Tenn., and Mrs. Rachael Rubie White of Woodson, Ill.; also ten grandchildren and one great granddaughter are survivors.

She was the fourth child in the

family of eight children; the surviving brothers are: Rev. John Crain, Moyers of Nashville, Tenn.; William A. Moyers, Jr., of Doyle, Tenn.; one sister, Mrs. Margaret Troop, of Rock Island, Tenn.

The family has resided in White County, 1 1/2 miles east of Doyle, for more than forty-six years, having lived all these years in one place except about two years were spent in and near Woodson, Ill.

Mrs. Crain has been a member of the Eastern Star since her 18th birthday and united with the Greenwood Baptist church soon after settling in White County, remaining a faithful member until her death.

She was an invalid for almost 5 years, patiently bearing her suffering which became more serious the last two weeks before the end which came February 6, 1924. She was laid to rest on her 51st wedding anniversary, February 9 in the Greenwood cemetery, after funeral services were conducted by her pastor, Rev. W. G. Key, assisted by Rev. Wm. Kerr, in the presence of a host of friends and relatives.

Market, Morgan County Humane Society, Dorwart's window Saturday.

## The very day you start to use Calumet Baking Powder your

baking expenses reduce. The price of Calumet is not the only reason for its economy—it's the great leavening strength it possesses—the unflinching results that are always experienced when it is used, that's what counts.

Never use heaping spoonfuls when you bake with Calumet—it isn't necessary because one spoonful of Calumet does the work of two of many other brands.

Why should you run the risk of spoiling your bakings by using a leavener that has not proven its merits—that may mean success today and failure tomorrow? Don't experiment—use Calumet. It makes more bakings—goes farther and lasts longer. Its superior quality has stood out above all other baking powders for many years.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce cans instead of 16 ounce cans. Be sure you get a pound when you want it.
